Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Practical Designing of Taining Walls The subject is one that has received the fullest and most able treatment at the hands of mathematicians, and solutions for every case that could possibly occur in practice are to be found in our text-books. But the mathematical investigations of this and many other questions of common occurrence in practice, unquestionably valuable as they are, in determining the principle involved, and establishing final rules applicable to practice, are, it is believed, but rarely resorted to by practical engineers. Even when such examples have to be dealt with by those sufficiently acquainted with the mathematical mode of proceeding, they are generally solved without hesitation by some empirical rule, derived from experience.
