Springer Publishing Co Inc, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book. A strikingly effective, one-of-a-kind learning resource This one-of-a-kind learning resource for Neonatal Nurse Practitioner/CNS students in both academic and clinical settings is distinguished by its use of complex case studies to reinforce best practices in treating vulnerable neonatal patients. Based on applications and outcomes, the case study approach is a particularly effective method of enhancing critical thinking and clinical decision-making and fostering effective role transition in practice-based disciplines. Authored by leading NNP educators nationwide, these multi-faceted, unfolding case studies address and synthesize the most important content covered throughout the NNP curriculum. Topics addressed include maternal/neonatal complexities, risk factors, neonatal disorders and emergencies by body system, health promotion/maintenance, communicating effectively with parents, and guidance on handling unexpected outcomes. Case studies progress from basic to complex, and each includes objectives, clinical pearls, and critical thinking questions. A robust instructor toolkit contains pedagogical strategies for facilitating online discussion, chapter conclusion quizzes, a variety of simulation experiences, and more. Key Features: Uses a complex case-based learning approach for neonatal advanced practice nursing - the first book to do so Authored by leading NNP educators nationwide Provides 40-50 case studies synthesizing key content areas Helps...
