System Upgrade: Solutions for a Failing Economy, Wealth Distribution, Declining Democracy, Climate Change, and Robots That Steal Jobs (Paperback)

By Gris Anik

Gris Anik, United Kingdom, 2016. Paperback. Condition: New. Gris Anik (illustrator). Language: English . Brand New Book ***** Print on Demand *****.The new industrial revolution - where machines, artificial intelligence, and automation are creating a huge disruption in the job market - is filling the news with headlines that spread fears and worries about the uncertain future of work. Robots and algorithms will make many occupations obsolete, leaving millions of people without jobs. For the first time in history, industry is not creating near enough new jobs to meet the number of jobs that will be lost. As a result, a huge number of people will be pushed into poverty, causing massive unrest. A recent development in narrow AI (artificial intelligence), especially in transport and healthcare, is the great testimony to this trend. But there is a hope. We can change the system. We can tweak the rules just a bit and yet achieve significant effects. Many issues we are experiencing now are rooted in the way we perceive the physical and social world around us. By changing the system, we will all change along with it. This book is a humble attempt to find answers for the challenges we...

Reviews

The most effective pdf i ever go through. It is probably the most incredible book i have got study. You wont sense monotony at at any time of the time (that's what catalogues are for relating to if you check with me).

-- Ahmad Heaney

A must buy book if you need to adding benefit. It really is writter in easy terms instead of difficult to understand. I found out this ebook from my dad and i advised this publication to find out.
