

Phoenix: Early Works: Volume 12 (Paperback)

By Osamu Tezuka

Viz Media, 2008. Paperback. Condition: New. Language: English . Brand New Book. Phoenix: Early Works contains stories serialized from 1954 to 1957. This volume contains an early version of the story Dawn, as well as a chapter on ancient Egypt, Greece and Rome. The stories collected here showcase an earlier phase of Tezuka s art and storytelling--and expose a more youthful, sweet side of the master creator. They also illustrate the link between early manga and American comics and cartoons, and reveal Tezuka s deep fascination with Walt Disney. The work was originally geared toward a younger audience than the Phoenix sagas, which began in the 1960s.
