KOREAN REUNIFICATION: ALTERNATIVE PATHWAYS (PAPERBACK)

Createspace, United States, 2012. Paperback. Condition: New. 2nd ed.. Language: English . Brand New Book ***** Print on Demand *****.Political scientist Michael Haas brings together essays by seven distinguished authors with different ideas about how North and South Korea might again become a single, unified state. The book presents a history of Korea and pathways that may be followed to bring the two Koreas together in a confederation or federation despite different economic and ideological systems-and new material identifies progress already achieved toward the goal of reunification. Chapters deal with the following approaches that have been used in other cases of divided peoples who eventually became unified under a single government: Neutralization - concluding a peace treaty and dismantling armies Functionalism - nonpolitical cross-border economic and social contact Nonviolence - the tradition of Gandhi and Martin Luther King, Jr. Mediation - how third parties can facilitate agreements between North South Negotiation - diplomacy involving professionals and nonprofessionals In addition, one chapter examines the feasibility of reunification from a political and military perspective. The final chapter assesses progress over the past 25 years and prospects for the future. The book has several unique elements: Proves that plans of both Koreas have changed dramatically over the years. Shows 4 basic ways to redesign relations between the Koreas. Explodes the myth that the two Koreas do not talk to each other. Explains how both Pyongyang and Seoul co-hosted the Olympic Games in 1988. Indicates that more than 100 South Korea companies operate in the North. Cites approved visits of ordinary North Koreans to South Korea and vice versa. Specifies 5 tasks for nonviolent global transformation. Traces the impact of the ending of the Cold War on both Koreas. Explains second- and third-track diplomacy-and who is involved today. Suggests how reunification could occur spontaneously....
