Forgotten Books, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from A Course of Instruction on Canon and Fugue Those who desire to profit by this book, ought to have thoroughly mastered all the studies in Harmony, simple and double Counterpoint, and the practice in exercises of more than four parts. A student, thus well prepared, will be enabled to follow this course of teaching of the Canon and Fugue, arranged in progressive order; and commencing with the easiest forms of imitation, to compose more elaborate compositions in the form of the Fugue. Although the composers of the present day make use of this contrapuntal form comparatively seldom, we find its employment mostly in compositions for Organ, or in the choruses of Oratorios and Psalms; nevertheless, the study of the Fugue is indispensable to every true artist, especially to him who desires to devote him self to the cultivation of free composition. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
