If you are preparing to apply to colleges and universities in the United States-you need this book! College is one of the most expensive investment students will make. Therefore, helping students find the right college for them not only makes for happy students, but helps parents feel more confident about the result. College is not only a big decision that students have to make, but it is also the foundation of their future success. Students and parents are discovering that schools that a few years ago were considered second- and even third-tier schools have elevated their standards significantly. With substantially more students applying, and in some cases fewer spots available, for the select colleges across the country, schools are demanding higher grades and have higher test score criteria, which seemingly place college out of reach. The applicant pool changes annually, thus nothing is carved in stone as to which students are accepted and which are not. However, the best chance of getting in to the school of your choice is to display your passion as to where you are headed in life, starting in 9th grade. High school seniors and college transfer students know how difficult it is to get into the top-tier colleges today. Creating a persuasive, eye-catching application requires creativity, foresight, and a marketable presentation as to what you can offer that will attract schools. That is why the process has to start with a resume. The student applying to college today must show schools why they are different from every other student applying. If you showcase your abilities through the development of a talented resume and a strong essay, admissions committees will have no choice but to fall in love with you! Students...
