### PLANETS, MOONS AND STARS (PAPERBACK)

Creative Publishing International, United States, 2003. Paperback. Condition: New. Linda Garrow (illustrator). Language: English . Brand New Book. This book provides an introduction to the bodies in our solar system. Young astronomers and explorers will learn to identify our nine planets and how to seek out the shapes in the sky that our ancestors saw thousands of years ago. This book includes information on which planets and constellations you can see with the naked eye or with binoculars, and which...

## Reviews

---

*This book may be worth purchasing. It typically fails to expense excessive. It is extremely difficult to leave it before concluding, once you begin to read the book.*

-- **Ken Watsica**

*I actually started out reading this article ebook. This is for those who stante that there had not been a worth reading. Its been developed in an extremely easy way and it is just after i finished reading this book in which in fact modified me, change the way i really believe.*
