This publication will never be straightforward to get going on looking at but really fun to see. This can be for all those who statte that there had not been a worth looking at. You wont really feel monotony at at any moment of your own time (that's what catalogs are for about should you request me).

Brand New Book ***** Print on Demand *****.Rendezvous in Madrid The second adventure in the Heidi Fuchs series June 1940 - Britain stands alone, facing overwhelming odds. Retired civil servant and accidental secret agent, Sir Freddy Villiers, should have had no hope against a Nazi killer like Heidi Fuchs. In fact he and his colleague, Gendarme Capitaine Martine Dumont, were lucky to survive their recent encounter. But their last glimpse of her, as they fled the scene, convinced them she was dead. This time it's going to be different, General de Gaulle has given them his personal assurance: they won't be in any danger - just a quick trip to collect some information, before the French surrender is formally signed and the Germans take control. It's all arranged, the transport has been laid on and their contact expects them. It's exactly the sort of undemanding job that would suit a retired and cultivated gentleman, hoping only to avoid boredom. It was difficult to see what could possibly go wrong. A cracking follow on to Rendezvous in Paris - just what I'd hoped for.
