

## Review of Soviet Publications on Parallel Data Processing, 1978 1980 (Classic Reprint) (Paperback)

By B D Lubachevsky

Forgotten Books, United States, 2018. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from Review of Soviet Publications on Parallel Data Processing, 1978 1980 Article [40] discusses the organization of the elementary machine (em) of a Homogenous Computational System (see section 1) and the organization of intermachine exchange as well as the introduction of language devices that make it possible to specify the order of operator execution and to program hardware-software interfaces that implement interregister transfers both within one EM and among different ems. The system is described in great detail, including the algorithmic implementation of various portions of this design (semaphores. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
